

FLOOD ADVISORY

FOR CHILD SAFETY

School Authorities should instruct the students in the Morning Assembly to abide by the following flood advisory

During Flood most deaths occur due to crossing flooded river, streams or while taking baths in the flooded ponds or water bodies, or due to electrocution. Therefore, following safety measures should be strictly adhered to.

- * Do not try to swim or cross a flooded river or stream or any flowing water body
- * Do not touch or go near any submerged transformers, inverters or electrical posts or wires
- * Children are most vulnerable during Flood. Therefore, they should not play around flooded areas and should not go near the river erosion sites.
- * If anyone accidentally falls in the flowing water/river, rescue him only if you are trained to do so, otherwise, seek help from trained personnel only
- * For any emergency information or support contact the District Emergency Operation Centre (DEOC) number **1077** (toll free)
